

PROJECT  
GREENLIGHT

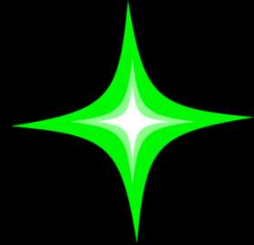

CONES,  
TRUCKS,  
ATTENUATORS,  
AND OTHER  
MATERIALS  
CAN BE  
REPLACED...

OUR  
WORKERS'  
LIVES  
CANNOT.

WE MUST  
PROTECT OUR  
WORKERS IN  
ANY WAY WE  
KNOW HOW.

INDOT is implementing green Guardian Angel lights in work zones across the Hoosier state to alert motorists of human beings in work zones.

Before

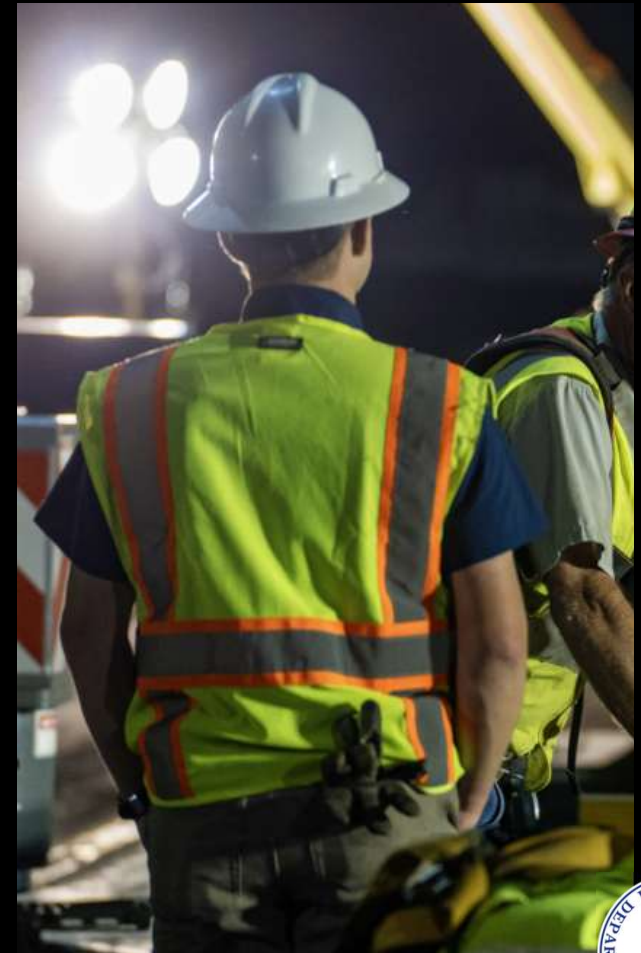

After

YOU'RE  
**85% MORE  
VISIBLE**

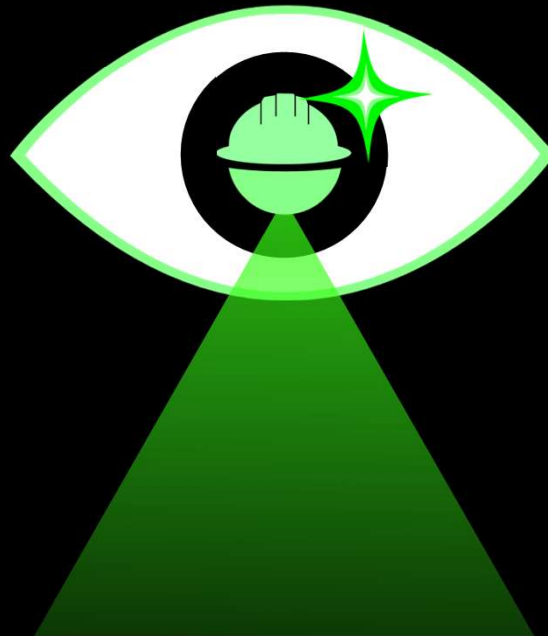

WHEN WEARING A VEST  
**WITH** A GUARDIAN  
ANGEL.

BATTELLE MEMORIAL INSTITUTE  
PEER-REVIEWED STUDY, 2024

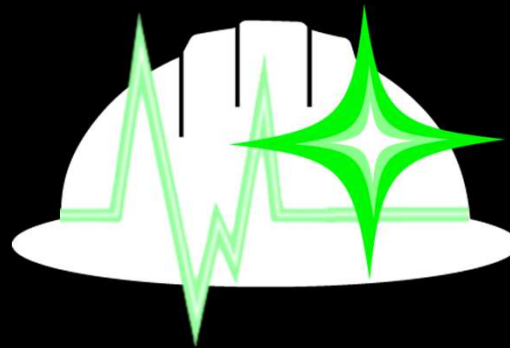

The human eye is 300% more sensitive to green light.

## **Green flashing lights:**

- Will signal humans are present in an active work zone
- Are easily distinguishable from standard construction zone lighting

# PROJECT GREENLIGHT

Press the GA button once to activate the flashing green light.
